"It is the mission of MyValleySprings.com to promote responsible growth and development through public participation in community planning in order to preserve the quality of rural life in the greater Valley Springs area."

"On the Record" is an ongoing MyValleySprings.com project to inform and engage the public in community planning by providing better access to public meetings. This project is funded by donations from local supporters, private foundations, and a grant to MyValleySprings.com from the California Wildlands Grassroots Fund of Tides Foundation.
